DETAILED ACTION

Allowable Subject Matter

Claims 1-9 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest, in combination with the other claimed features, a circuit layout structure wherein the circuit layer farthest from the substrate has a plurality of bonding pads within the bonding pad area and a plurality of signal lines within the device area, the bonding pads and the signal lines are located at a same layer, and the signal lines overstride at least a power/ground ring of the circuit layers within the device area, the bonding pads closest to the device area and the bonding pads next to the closest to the device area connect to the signal lines respectively, and then electrically connect with the circuit layer closer to the substrate through the vias, which pass through the power/ground ring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
